

BATS (size & weight limitations)

A bat rule does not apply for 10-13 year old teams in the Gopher State Baseball League or the Minnesota USSSA baseball program. However, other organizations do enforce a (minus 9) bat differential at tournaments. Please be aware of the differential when you are purchasing your bats for the 2008 season.

Listed below are bat specifications for the 2008 GSBL at the 10-19U age levels.

| <i>Age</i> | <i>Maximum diameter Thickest Part</i> | <i>Length</i> | <i>Weight Differential</i> |
|--------------------|---|---------------|----------------------------|
| 10's-13's | 2-1/4" 2-1/2" 2-3/4" 2-5/8" | Unlimited | Unlimited |
| 14's | 2-3/4" Example: 33-inch bat cannot weigh less than 28 ounces | 36" or less | -5 |
| 15's 16U-18/19U | 2-5/8" Example: 32-inch bat cannot weigh less than 29 ounces | 36" or less | -3 |
